MESSAGE: Dear Examiner Cao,

First I would like to express my appreciation for the courtesy shown during our telephone interview on December 27, 2007. In accordance with our discussion, we have addressed the two issues you raised. A revised copy of the claims previously sent to you for review is attached. In order for you to see the differences, we have doubled underlined the new words and lined through the words from the prior draft claims that will be deleted. If acceptable, we will submit the final claim wording in the appropriate form. As we discussed, we have changed the introduction of the independent claims (1, 4, 6, 9, 11, and 14) to recite that the redirected application is "a computing device" and that the redirected window is represented on display "of the same computing device." We have also changed the wording from "received in association with" to "directed toward" the texture map image.

After you have reviewed the enclosure, please call (206.695.1702) and let me know if the changes are acceptable.

Thank you in advance for your assistance.

Very truly yours,

/Gary S. Kindness/
